Beauty: The Islamic Point of View

Bassam Omoush*

ABSTRACT

This research determines the meaning of beauty and its sorts. It also talks about scouting beauty and savoring it, and it will end with the Islamic attitude towards beauty. The aim of this research is to ensure that Islam is the religion of beauty and that beauty is broader than what most people think. Moreover, It is replying people who think that the subject of beauty is a kind of deviation in Islam's point of view, and that Islam prevents it, so, the researcher ensured that beauty is the essence of the Islamic Legislation and that “Shari'a” aims to verify beauty and protect it in all ways.
