The Application of "Khabar Al-Ahad" in the Comparative Islamic Jurisprudence and Its Acceptance among Islamic Scholars

*Yousof A. Badawi **

ABSTRACT

The aim of this research is to study the acceptance of "Khabar Al – Ahad" in Islamic Comparative Jurisprudence. This has revealed the following findings:

- 1- The Prophet's Companions, and "Tabien", may Allah be pleased with them, used to accept "Khabar Al – Ahad" (in their judgments) at the time of the Prophet (P.B.U.H) and after his death.
- 2- The Prophet's Companions and "Tabien" used to refrain from accepting "Khabar Al – Ahad" in certain situations till they confirm the saying.
- 3- However, some schools of thought had put some constraints on accepting "Khabar Al – Ahad", such as contradicting Medina's ways and customs, and that the narrator does not contradict himself... etc.
