The Wise

*Ali M. Al-Zoqili and Khaled Bani Ahmad**

ABSTRACT

The importance of statement of fact as old Wise had recently emerged. particularly with the emergence of some public and private institutions, which would work out to advocate the criminal in case of unintended crime and helping him in payment of parents, and the maintenance of the rights of victims and their family, Therefore, this study was to say in the statement of fact and a statement handed some contemporary applications.. This study examined the subject of Wise reality and the contemporary applications through extrapolation method and the analytical methods, where the researcher to scrutinizing the subject of basic reference sources and then made its statement and customized the evidence and discussed to reach the weigh up.

One of the most striking findings of the survey: The fact that Wise intended: to understand what the wise is scholars and adjust provisions accordingly, understanding, and knowledge assets by jurists Branch provisions Wise. Wise and the word has the meaning of language and legitimately wonder Subsidy and subsidy and pays, the payment and that it include the word broad League males and others, and each of the play Subsidy a name Wise, and Original League to bear male parents, but could be left with her parents in manslaughter to the exigencies of time and different circumstances and conditions, so people inventing ubiquitous convenience of the new independent pictures lieu League to shoulder their parents, and one of the most prominent images and applications of contemporary proverb: Cooperative Insurance and Social Security, and professional syndicates.
