Designing History from Qur'anic Point of View “Building States and Reasons of Destruction”

*Amin M. Al-Manasyeh**

ABSTRACT

This research aims to find treatments for the Islamic Nation's situation these days so as to recover and stand again gaining its glory and nobility.

The writer draws the reasons of the loss and degradation which the Islamic Nation suffers from, derived from past incidents and consequences.

Moreover, he suggests the means of treatment for the nation's revival so as to re-organize itself, all supported by scholars' opinions as Shatibi and Ibn Khaldoon.

In this research, the writer puts his own constitution for treatment and reform, drawn from Surat Quraish.
