The Rules of the Recreational Tourism in Islamic Jurisprudence

*Mohammed Khalid Mansour and Khalid Shugaa Al Otiyy**

ABSTRACT

The recreational tourism is the most important method in these days, The research aims to discuss the meaning of the recreational tourism in Islam, and in scholarship tourism, since the research discusses whether it's allowed in Islam or not, and the important rules of the recreational tourism, there are many results that we can conclude from the research. One of them is that the recreational tourism is allowed in Islam, but it's restrained with general rules and private rules, to make sure that the Muslim obey the rules of Islam and enjoy himself at the same time.

Keywords: The Islamic Rules, The Recreational Tourism, Islamic Jurisprudence.
