Administrative Discipline Procedures for the Protection of Human Rights Radioactive Contamination of the Environment in the Jordanian Legislation

*Saleem S. Hatamleh**

ABSTRACT

The seizure of administrative means the State in the exercise of function of the control and regulation of activity of individual and impose restrictions and controls on the freedoms of individuals in order to maintain public order four public security, public health, public order, public morals and decency.

Expressed as a set of rules of procedure issued by the resolution required to achieve the objectives of the public order in the community, using the Department for including all powers and the legal and material means to that Valibott administrative his relationship with individual right and freedoms and then intervene to restrict and regulate these freedoms controlling behaviors of individuals, affecting environment, regulates the methods of prevention of diseases and epidemics and protects society fro the spread of such diseases.

In order to combat pollution forced the Department to place restrictions on certain freedoms in particular, the serum free trade, and industry, agriculture and energy use for the prevention of all forms of harmful residues arising from the exercise.

We live here on the ground exposed to several types that of radioactive contaminants that have a direct impact on human life and health directly and indirectly. Where keen environmental legislation protective of radiation on the organization to deal with it m including limiting the abuse and reduce exposure to risks, and deprive the various legislations and the Jordanian deal ionizing radiation without a license.

Keywords: Administrative Discipline, Radioactive Contamination, Jordanian Legislation.
