Study of the Verse “To Draw their Cloaks (Veils) All Over Their Bodies”

*Adnan A. Khlaifat**

ABSTRACT

The research has dealt with the verse 59 from the chapter of ALahzab from exegesis perspective to reveal and correct the misconception of the verse in the minds of some Muslims.

It concluded that the sentence (to draw their cloaks (veils) all over their bodies) in the verse means that women are required to screen themselves completely except the face and the hands. This came as a result of compiling the verse to the rest of the verses and the prophetic traditions on the topic.

It also concluded that the obligation of the adornment includes both free women and the slaves alike as there is no evidence to prove the differentiation between the free and slave women.

Keywords: To Draw their Cloaks, Hijab.
